TAP & PAY

RAKBANK Card with
Mastercard® Contactless Tap & Go™

RAKBANK
Simply Better

Save time at checkout with your RAKBANK Card.

Your Card comes with the Mastercard Contactless Tap & Go)) technology. Transactions are as simple and convenient as cash, your signature or PIN is not needed for transactions up to AED 500.

It's simple

Tell the retailer you'd like to pay with your contactless Card

Hold the Card against the terminal

Wait a second or two for the transaction to get processed

Off you go – you will receive the transaction alert through SMS

It's faster

A simple tap of the Card is all you need to pay at the checkout. Once you've received approval, your transaction will be processed in a few seconds. It's like having the exact change every time.

It's safe

You're in control – your Card never leaves your hand when you make a payment.
There are no accidental payments – your Card must be tapped against the reader at the checkout to work.
Not billed twice – even if you tap more than once at the checkout, you'll only get billed once for the purchase.
Secure – your Card contains a highly sophisticated and secure chip. Contactless payments are as secure as normal chip transactions.
