## Review report on condensed consolidated interim financial information to the Board of Directors of The National Bank of Ras Al-Khaimah (P.S.C.)

### Introduction

We have reviewed the accompanying condensed consolidated interim statement of financial position of The National Bank of Ras Al-Khaimah (P.S.C.) ("the Bank") and its subsidiaries (together "the Group") as at 30 September 2022 and the related condensed consolidated interim statements of profit or loss, comprehensive income for the three-month and nine-month periods then ended, and the condensed consolidated interim statements of changes in equity and cash flows for the nine-month periods then ended, and other explanatory information. The directors are responsible for the preparation and presentation of the condensed consolidated interim financial information in accordance with International Accounting Standard 34 – Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on the condensed consolidated interim financial information based on our review.

### Scope of our review

We conducted our review in accordance with International Standards on Review Engagements 2410 "Review of interim financial information performed by the independent auditor of the entity". A review of condensed consolidated interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information is not prepared, in all material respects, in accordance with IAS 34, "Interim Financial Reporting".

## Notes to the condensed consolidated interim financial information for the period from 1 January 2022 to 30 September 2022

### 1. Incorporation and Principal Activities

The National Bank of Ras Al-Khaimah (P.S.C.) [the “Bank”] is a public shareholding company incorporated in the Emirate of Ras Al-Khaimah in the United Arab Emirates (“UAE”). The head office of the Bank is located at the National Bank of Ras Al-Khaimah building, Al Rifa area, Exit No. 129, Sheikh Mohammed Bin Zayed Road, Ras Al-Khaimah, UAE.

The Bank is engaged in providing retail and commercial banking services through a network of twenty-seven branches in the UAE.

At 30 September 2022, The National Bank of Ras Al-Khaimah (P.S.C) comprises the Bank and seven subsidiaries (together referred to as the “Group”). The condensed consolidated interim financial information for the nine months period ended 30 September 2022 comprises the Bank and following direct subsidiaries:

<i>Subsidiary</i>	<i>Authorized &amp; Ownership issued capital interest</i>	<i>Incorporated</i>	<i>Principal Activities</i>	
Ras Al Khaimah National Insurance Company PSC	AED 121.275 million	79.23%	UAE	Underwriting all types of Insurance business.
BOSS FZCO	AED 500,000	80%*	UAE	Back office support services to the Bank.
RAK Technologies FZCO	AED 500,000	80%*	UAE	Technological support services to the Bank.
Rakfunding Cayman Limited	Authorized USD 50,000 Issued USD 100	100%	Cayman Island	To facilitate the issue Euro medium term notes (EMTN) under the Bank’s EMTN program.
Rak Global Markets Cayman Limited	Authorized USD 50,000 Issued USD 1	100%	Cayman Island	To facilitate Treasury transactions.
RAK Financial Services Limited**	USD 1,300,000	100%	Dubai International Financial Centre, UAE	Arranging and advising on Financial products, Investments and custody.
Protego Insurance Brokers L.L.C.***	AED 3,000,000	100%	UAE	Insurance brokerage

\*These represent legal ownership of the Bank. However, beneficial ownership is 100% as the remaining interest is held by a related party on trust and for the benefit of the Bank.

\*\* RAK Financial Services Limited was incorporated under Dubai International Financial Centre (“DIFC”). DIFC’s approval for commencement of business and capital infusion was received in June 2022 and capital of USD 1.3 million was subscribed during June 2022.

\*\*\* Protego Insurance Brokers L.L.C is registered under the commercial license issued by Government of Dubai, Economy and tourism department in July 2022. The company received regulatory approval in August 2022 from UAE central Bank.

Notes to the condensed consolidated interim financial information for the period from 1 January 2022 to 30 September 2022 (continued)

**2. Application of new and revised International Financial Reporting Standards (“IFRS”)**

**2.1 New and revised IFRSs applied with no material effect on the consolidated financial information**

The following new and revised IFRSs, which became effective for annual periods beginning on or after 1 January 2022 have been adopted in this condensed consolidated interim financial information. The application of these revised IFRSs and interpretations has not had any material impact on the amounts reported for the current and prior years but may affect the accounting for future transactions or arrangements.

<b>Title</b>	<b>Key requirements</b>	<b>Effective date</b>
Property, Plant and Equipment: Proceeds before intended use – Amendments to IAS 16	The amendment to IAS 16 Property, Plant and Equipment (PP&E) prohibits an entity from deducting from the cost of an item of PP&E any proceeds received from selling items produced while the entity is preparing the asset for its intended use. It also clarifies that an entity is ‘testing whether the asset is functioning properly’ when it assesses the technical and physical performance of the asset. The financial performance of the asset is not relevant to this assessment.  Entities must disclose separately the amounts of proceeds and costs relating to items produced that are not an output of the entity’s ordinary activities.	1 January 2022
Reference to the Conceptual Framework – Amendments to IFRS 3	Minor amendments were made to IFRS 3 Business Combinations to update the references to the Conceptual Framework for Financial Reporting and to add an exception for the recognition of liabilities and contingent liabilities within the scope of IAS 37 Provisions, Contingent Liabilities and Contingent Assets and Interpretation 21 Levies. The amendments also confirm that contingent assets should not be recognised at the acquisition date.	1 January 2022
Onerous Contracts – Cost of Fulfilling a Contract Amendments to IAS 37	The amendment to IAS 37 clarifies that the direct costs of fulfilling a contract include both the incremental costs of fulfilling the contract and an allocation of other costs directly related to fulfilling contracts. Before recognising a separate provision for an onerous contract, the entity recognises any impairment loss that has occurred on assets used in fulfilling the contract.	1 January 2022

Notes to the condensed consolidated interim financial information for the period from 1 January 2022 to 30 September 2022 (continued)

2. Application of new and revised International Financial Reporting Standards (“IFRS”) (continued)

2.2 New and revised IFRS in issue but not yet effective

The Group has not yet applied the following new and revised IFRSs that have been issued but are not yet effective:

<b><i>New and revised IFRSs</i></b>	<b><i>Effective for annual periods beginning on or after</i></b>
<b>IFRS 17 Insurance Contracts</b>	January 1, 2023
IFRS 17 requires insurance liabilities to be measured at a current fulfilment value and provides a more uniform measurement and presentation approach for all insurance contracts. These requirements are designed to achieve the goal of a consistent, principle-based accounting for insurance contracts. IFRS 17 supersedes IFRS 4 Insurance Contracts as of 1 January 2023.	
<b>Amendments to IAS 1, Presentation of financial statements’</b> on classification of liabilities - These narrow-scope amendments to IAS 1, ‘Presentation of financial statements’, clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the expectations of the entity or events after the reporting date (for example, the receipt of a waiver or a breach of covenant). The amendment also clarifies what IAS 1 means when it refers to the ‘settlement’ of a liability.	January 1, 2023
<b>Disclosure of accounting policies – Amendments to IAS 1 and IFRS Practice Statement 2,</b> The IASB amended IAS 1 to require entities to disclose their material rather than their significant accounting policies. The amendments define what is ‘material accounting policy information’ and explain how to identify when accounting policy information is material. They further clarify that immaterial accounting policy information does not need to be disclosed. If it is disclosed, it should not obscure material accounting information.	1 January 2023
<b>Definition of accounting estimates – Amendments to IAS 8,</b> The amendment to IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors clarifies how companies should distinguish changes in accounting policies from changes in accounting estimates. The distinction is important, because changes in accounting estimates are applied prospectively to future transactions and other future events, whereas changes in accounting policies are generally applied retrospectively to past transactions and other past events as well as the current period.	1 January 2023

Management anticipates that these new standards, interpretations and amendments will be adopted in the Group’s condensed consolidated interim financial information as and when they are applicable and adoption of these new standards, interpretations and amendments. Except for IFRS 17, the directors anticipate no material impact on the condensed consolidated interim financial information of the Group in the period of initial application.

## Notes to the condensed consolidated interim financial information for the period from 1 January 2022 to 30 September 2022 (continued)

### 3. Significant accounting policies

The significant accounting policies applied in the preparation of this condensed consolidated interim financial information are set out below. These policies have been consistently applied for the period/years presented, unless otherwise stated.

#### (a) Basis of preparation

The condensed consolidated interim financial information of the Group is prepared under the historical cost basis except for certain financial instruments which are measured at fair value.

These condensed consolidated interim financial information are prepared in accordance with International Accounting Standard 34: Interim Financial Reporting ("IAS 34"), issued by the International Accounting Standard Board (IASB).

The accounting policies used in the preparation of this condensed consolidated interim financial information are consistent with those used in the audited annual consolidated financial statements for the year ended 31 December 2021.

As required by the Securities and Commodities Authority of the U.A.E. ("SCA") Notification No. 2624/2008 dated 12 October 2008, accounting policies relating to financial assets, cash and cash equivalents, Islamic financing and investing assets and investment properties, applied by the Group in the preparation of the condensed consolidated interim financial information are consistent with those applied by the Group in the annual consolidated financial statements for the year ended 31 December 2021.

These condensed consolidated interim financial information do not include all the information required for full annual consolidated financial statements and should be read in conjunction with the Group's audited annual consolidated financial statements as at and for the year ended 31 December 2021. In addition, results for the nine months period ended 30 September 2022 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2022.

#### (b) Consolidation

The condensed consolidated interim financial information incorporates the condensed consolidated interim financial information of National Bank of Ras Al-Khaimah (P.S.C.) and its subsidiaries (collectively referred to as "Group").

##### i) Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group.

Notes to the condensed consolidated interim financial information for the period from 1 January 2022 to 30 September 2022 (continued)

**3. Significant accounting policies (continued)**

**(b) Consolidation (continued)**

*ii) Transactions eliminated on consolidation*

Intra-group balances and income and expenses (except for foreign currency transaction gains or losses) arising from intra-group transactions, are eliminated in preparing the condensed consolidated interim financial information. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.

*iii) Acquisition accounting*

The acquisition method of accounting is used to account for the acquisition of subsidiaries. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured at their fair values at the acquisition date, irrespective of the extent of any non-controlling interest, and the Group allocates the purchase price to these net assets acquired. The measurement period for purchase price allocations ends as soon as information on the facts and circumstances becomes available, but does not exceed 12 months. The Group policy is aligned with that laid out in IFRS 3.

The consideration transferred for the acquiree is measured at the fair value of the assets given up, equity instruments issued and liabilities incurred or assumed, but excludes acquisition related costs such as advisory, legal, valuation and similar professional services which are charged to the income statement.

The Group measures non-controlling interest that represents present ownership interest and entitles the holder to a proportionate share of net assets in the event of liquidation on a transaction-by-transaction basis.

Goodwill is measured by deducting the net assets of the acquiree from the aggregate of the consideration transferred for the acquiree, the amount of non-controlling interest in the acquiree and fair value of an interest in the acquiree held immediately before the acquisition date.

**(c) Islamic financing**

The Group engages in Shari'ah compliant Islamic banking activities through various Islamic instruments such as Murabaha, Salam, Mudaraba, and Wakala. The accounting policy for initial recognition, subsequent measurement and derecognition of Islamic financial assets and liabilities are below:

*i) Murabaha financing*

A sale contract whereby the Group sells to a customer commodities and other assets at an agreed upon profit mark up on cost. The Group purchases the assets based on a promise received from customer to buy the item purchased according to specific terms and conditions. Profit from Murabaha is quantifiable at the commencement of the transaction. Such income is recognized as it accrues over the period of the contract on effective profit rate method on the balance outstanding.

### 3. Significant accounting policies (continued)

#### (c) Islamic financing (continued)

##### ii) Salam

Bai Al Salam is a Sale contract where the Customer (Seller) undertakes to deliver/supply a specified tangible asset to the Group (Buyer) at mutually agreed future date(s) in exchange for an advance price fully paid on the spot by the buyer.

Revenue on Salam financing is recognized on the effective profit rate basis over the period of the contract, based on the Salam capital outstanding.

##### iii) Mudaraba

A contract between the Group and a customer, whereby one party provides the funds (Rab Al Mal-customer) and the other party (the Mudarib- the Group) invests the funds in a project or a particular activity and any profits generated are distributed between the parties according to the profit shares that were pre-agreed in the contract. The Mudarib would bear the loss in case of default, negligence or violation of any of the terms and conditions of the Mudaraba, otherwise, losses are borne by the Rab Al Mal.

##### iv) Wakala

An agreement between the Group and customer whereby one party (Rab Al Mal-principal) provides a certain sum of money to an agent (Wakil), who invests it according to specific conditions in return for a certain fee (a lump sum of money or a percentage of the amount invested). The agent is obliged to return the invested amount in case of default, negligence or violation of any of the terms and conditions of the Wakala. The Group may be Wakil or Rab Al Mal depending on the nature of the transaction.

Estimated income from Wakala is recognised on an accrual basis over the period, adjusted by actual income when received. Losses are accounted for on the date of declaration by the agent.

##### v) Ijara

Ijara financing is a finance lease agreement whereby the Group (lessor) leases an asset based on the customer's (lessee) request and promise to lease the assets for a specific period in lieu of rental instalments. Ijara ends in transferring the ownership of the asset to the lessee at the end of the lease inclusive of the risks and rewards incident to an ownership of the leased assets. Ijara assets are stated at amounts equal to the net investment outstanding in the lease including the income earned thereon less impairment provisions.

#### (d) Cash and cash equivalents

In the condensed consolidated statement of cash flows, cash and cash equivalents include cash on hand, money in current and call accounts and placements with original maturity of less than three months excluding the statutory deposit required to be maintained with the Central Bank of UAE.

Notes to the condensed consolidated interim financial information for the period from 1 January 2022 to 30 September 2022 (continued)

4. Cash and balances with Central Bank of the UAE

**21. Provision for credit loss, net (continued)**

(c) Expected credit loss allowance

A summary of the provision for credit loss and the net movement on financial instruments by category are as follows:

	At 31 December 2021 AED'000	Net provided / (released) during the period AED'000	Other movement during the period AED'000	At 30 September 2022 AED'000
Due from other banks	39,269	26,638	-	65,907
Loans and advances	1,893,208	335,163	(423,204)	1,805,167
Investment Securities - FVOCI	24,929	120,713	-	145,642
Investment Securities – Amortised cost	24,940	35,989	-	60,929
Insurance contract assets and receivables	32,575	6,442	(2,866)	36,151
Customer acceptances	247	171	-	418
Off balance sheet items	9,178	18,493	-	27,671
<b>Total</b>	<b>2,024,346</b>	<b>543,609</b>	<b>(426,070)</b>	<b>2,141,885</b>

**22. Earnings per share**

The basic earnings per share is calculated by dividing the net profit attributable to owners of the Parent by the weighted average number of ordinary shares in issue during the period:

	Three months period ended 30 September		Nine months period ended 30 September	
	2022 (un-audited) AED'000	2021 (un-audited) AED'000	2022 (un-audited) AED'000	2021 (un-audited) AED'000
Profit for the period (attributed to owners of the Bank)	353,119	228,168	884,392	532,476
Weighted average number of shares in issue (in thousands)	1,676,245	1,676,245	1,676,245	1,676,245
<b>Basic earnings per share (AED)</b>	<b>0.21</b>	0.14	<b>0.53</b>	0.32

**23. Fiduciary activities**

The Group holds assets in a fiduciary capacity for its customers without recourse. At 30 September 2022, market value of such assets amounted to AED 5,000 million (31 December 2021: AED 5,488 million) and are excluded from the condensed consolidated interim financial information of the Group.

Notes to the condensed consolidated interim financial information for the period from 1 January 2022 to 30 September 2022 (continued)

**24. Cash and cash equivalents**

	<b>30 September 2022 (un-audited) AED'000</b>	30 September 2021 (un-audited) AED'000
Cash in hand and current account with Central Bank of UAE	<b>3,660,171</b>	1,274,273
Due from other banks	<b>10,468,605</b>	7,931,298
	<b>14,128,776</b>	9,205,571
Less: Due from other banks with original maturity of three months or more	<b>(9,041,797)</b>	(6,910,016)
<b>Cash and cash equivalents</b>	<b>5,086,979</b>	2,295,555

**25. Operating segments**

Following the management approach of IFRS 8, operating segments are reported in accordance with the internal reporting to management, which is responsible for allocating resources to the reportable segments and assesses its performance. All operating segments used by the Group meet the definition of a reportable segment under IFRS 8.

The Group has five main business segments:

- Retail banking – incorporating individual customer and certain business current accounts, savings accounts, deposits, credit and debit cards, individual customer loans and mortgages;
- Wholesale banking – incorporating transactions with corporate bodies including government and public bodies and comprising of loans, advances, deposits and trade finance transactions of corporate customers and financial institutions;
- Business banking – incorporating transactions comprising of loans, advances, deposits and trade finance transactions of SME;
- Treasury – incorporating activities of the dealing room, related money market, and foreign exchange transactions and hedging activities with other banks and financial institutions including the Central Bank of UAE, none of which constitute a separately reportable segment; and
- Insurance business – incorporating all insurance related transactions of its subsidiary Ras Al Khaimah National Insurance Company P.S.C.

The above segments include conventional and Islamic products and services of the Group.

As the Group's segment operations are all financial with a majority of revenues deriving from interest and fees and commission income, management relies primarily on revenue and segmental results to assess the performance of the segment.

Funds are ordinarily allocated between segments, resulting in funding cost transfers disclosed in inter-segment revenue. Interest charged for these funds is based on the Group's funds transfer pricing policy. There are no other material items of income or expense between the business segments.

The Group's management reporting is based on a measure of net profit comprising net interest income, loan impairment charges, net fee and commission income, other income and non-interest expenses.

Notes to the condensed consolidated interim financial information for the period from 1 January 2022 to 30 September 2022 (continued)

25. Operating segments (continued)

Dividend for year 2021	<b>-</b>	(377,155)
<b>Tier 1 capital base</b>	<b>8,643,309</b>	7,889,152
<b>Tier 2 capital base</b>	<b>605,594</b>	545,734
<b>Total capital base</b>	<b>9,248,903</b>	8,434,886
<b><i>Risk weighted assets</i></b>		
Credit risk	<b>48,447,531</b>	43,658,721
Market risk	<b>2,446,416</b>	2,186,151
Operational risk	<b>3,678,449</b>	3,678,449
<b>Total risk weighted assets</b>	<b>54,572,396</b>	49,523,321
Capital adequacy ratio on Tier 1 capital	<b>15.84%</b>	15.93%
Capital adequacy ratio on Tier 2 capital	<b>1.11%</b>	1.10%
Total Capital adequacy ratio	<b>16.95%</b>	17.03%

As per the Central Bank of UAE Regulation for Basel III, the Minimum Capital requirement including Capital Conservation Buffer is 13.0% for year 2022. Additionally, Central Bank of UAE regulation dated 22 April 2020 provides for a "Prudential Filter" that permits Banks and Finance Companies to add back increases in IFRS 9 provisions to the regulatory capital over a transition period of 5 years, on a proportionate basis.

Notes to the condensed consolidated interim financial information for the period from 1 January 2022 to 30 September 2022 (continued)

**28. Fair values of financial assets and liabilities**

Fair value is the amount for which an asset could be exchanged or a liability settled between knowledgeable, willing parties in an arm's length transaction. Consequently, differences can arise between the carrying values and fair value estimates of financial assets and liabilities. Underlying the definition of fair value is the presumption that the Group is a going concern without any intention or requirement to materially curtail the scale of its operations or to undertake a transaction on adverse terms. As at 30 September 2022, the carrying value of the Group's financial assets and liabilities approximate their fair values, except for the below mentioned financial assets and liabilities:

	Fair value		Carrying value	
	30 September 2022 (un-audited) AED'000	31 December 2021 (audited) AED'000	30 September 2022 (un-audited) AED'000	31 December 2021 (audited) AED'000
<b>Assets</b>				
Loan and advances	34,380,633	32,695,315	34,195,544	32,283,560
Investment securities measured at fair value	4,819,968	4,898,867	4,819,968	4,898,867
Investment securities measured at amortised cost	5,690,092	4,664,979	5,956,586	4,567,056
Cash and balances with the Central Bank of UAE	5,792,248	3,894,068	5,792,248	3,894,068
Due from other banks	10,263,196	8,378,915	10,402,698	8,428,854
<b>Total financial assets</b>	<b>60,946,137</b>	<b>54,532,144</b>	<b>61,167,044</b>	<b>54,072,405</b>
<b>Liabilities</b>

Debt securities issued and other borrowing	4,514,547	5,354,510	4,487,951	5,274,326
<b>Total financial liabilities</b>	<b>52,644,958</b>	<b>46,193,305</b>	<b>52,582,716</b>	<b>46,095,637</b>

**29. Fair value hierarchy**

The fair value measurements are categorized into different levels in the fair value hierarchy based on the inputs to valuation techniques used. The different levels are defined as follows:

**Quoted market prices - Level 1**

Financial instruments are classified as Level 1 if their values are observable in an active market. Such instruments are valued by reference to unadjusted quoted prices for identical assets or liabilities in active markets where the quoted price is readily available, and the price represents actual and regularly occurring market transactions.

**Valuation techniques using observable inputs - Level 2**

Financial instruments classified as Level 2 have been valued using models whose inputs are observable in an active market. Valuation based on observable inputs includes financial instruments such as forward foreign exchange contracts which are valued using market standard pricing techniques.

## 29. Fair value hierarchy (continued)

### Valuation techniques using significant unobservable inputs – Level 3

Financial instruments are classified as Level 3 if their valuation incorporates significant inputs that are not based on observable market data (unobservable inputs). A valuation input is considered observable if it can be directly observed from a transaction in an active market.

Unobservable input levels are generally determined based on observable inputs of a similar nature, historical observations or other analytical techniques. This hierarchy requires the use of observable market data when available. The Group considers relevant and observable market prices in its valuations where possible. The table below analyses recurring fair value measurements for assets and liabilities.

	Quoted market prices Level 1 AED'000	Observable inputs Level 2 AED'000	Significant unobservable inputs Level 3 AED'000	Total AED'000

There were no transfers between level 1 / 2 to 3 during the period.

**30. Critical accounting judgements and key sources of estimation of uncertainty**

In the application of the Group's accounting policies, which are described in Note 3, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The critical accounting judgements and key sources of estimation of uncertainty used in the preparation of this condensed consolidated interim financial information are consistent with those used in the audited annual consolidated financial statements for the year ended 31 December 2021.

Notes to the condensed consolidated interim financial information for the period from 1 January 2022 to 30 September 2022 (continued)

**31. Right-of-use assets**

	<b>30 September 2022 (un-audited) AED'000</b>	31 December 2021 (audited) AED'000
Balance at the beginning of the period	<b>134,424</b>	117,872
Additions during the period	<b>29,847</b>	14,017
Increase/(decrease) due to changes in lease liability and contract period	<b>(8,609)</b>	32,223
Depreciation for the period	<b>(23,349)</b>	(29,688)
<b>Balance at the closing of the period</b>	<b>132,313</b>	134,424

**32. Lease liabilities**

	<b>30 September 2022 (un-audited) AED'000</b>	31 December 2021 (audited) AED'000
Balance at the beginning of the period	<b>130,600</b>	102,348
Additions during the period	<b>29,847</b>	14,017
Increase due to changes in lease contract amount and contract period	<b>(14,921)</b>	33,641
Gain from rent concession due to pandemic	-	(1,508)
Interest cost on lease liability for the period	<b>4,310</b>	4,880
Less: Rental payments made during the period	<b>(24,583)</b>	(22,778)
<b>Balance at the closing of the period</b>	<b>125,253</b>	130,600

**33. Seasonality of results**

Dividend income of AED 15.6 million (30 September 2021: AED 14.3 million) of seasonal nature was recorded in the condensed consolidated interim financial information for the period.

### 34. Risk management

The Group monitors credit risk per class of financial instrument. Following are the identified classes of financial instruments.

- Due from other banks;
- Debt investment securities carried at FVOCI and amortised cost;
- Loans and advances to customers;
- Insurance assets and receivables;
- Customer acceptances and other financial assets;
- Loan commitments; and
- Financial guarantees and contracts.

#### Measurement of Expected Credit loss (ECL)

IFRS 9 framework requires the estimation of Expected Credit Loss (“ECL”) based on current and forecast economic conditions. In order to assess ECL under forecast economic conditions, the Bank utilizes a range of economic scenarios of varying severity, and with appropriate weightings, to ensure that ECL estimates are representative of a range of possible economic outcomes. The Bank has robust governance in place to ensure the appropriateness of the IFRS 9 framework and resultant ECL estimates at all times. Specifically, all aspects of the IFRS 9 framework are overseen by an IFRS 9 Steering Committee with participation from the Chief Risk Officer, Chief Financial Officer and other members from Risk and Finance functions. The Bank, through this committee, reviews the appropriateness of inputs and methodology for IFRS 9 ECL, effectiveness and reliability of the reporting under IFRS 9 and other relevant matters pertaining to IFRS 9 on an ongoing basis.

The Group based on historical analysis determines key economic variables that impacts the credit risk of its various portfolios and uses macro-economic forecasts for these variables to estimate the Probability of Defaults (“PDs”). The Group employs experts who use external and internal information to generate 3 scenarios viz. Baseline, Upside and Downside, in accordance with the IFRS 9 requirements.

For Non-Retail portfolio PD models, the Bank was using RAK Business Loans model’s macro-economic overlay as a proxy in absence of adequate historical data on non-retail portfolio default rates. For the nine month period ended 30 September 2022, the Bank has enhanced its approach by calibrating its rating models with historical observed default rates, and has developed and implemented macro-economic models for Through-the-Cycle PD (“TTC PD”) to Point-in-Time PD (“PiT PD”) conversion. Similarly for Non-retail portfolio LGD, owing to lack of adequate historical data on recovery, the Bank was using Basel recommended approach. For the nine month period ending 30 September 2022, the Bank has implemented LGD models for its Non retail portfolio based on historical realized recovery.

The Group has used the updated macro-economic forecasts for the year ended 31 December 2021 and is currently using the weightings of (40:30:30) for Baseline: Upside: Downside scenarios. The sensitivity to 10% increase in Downside Scenario, with a corresponding decrease of 10% in Upside scenario is AED 39.6 million as of 30 September 2022.

For the purpose of IFRS 9 related notes and disclosures, Non-Retail portfolio means Wholesale and Business Banking Loans excluding RAK Business Loans. An analysis of the Group’s credit risk exposures of major classes of financial instruments without taking into account the effects of any collateral or other credit enhancement is provided in the following tables.
