E Class Accumulation and Income Shares

Morningstar Rating™ ★★★★★

FUND DESCRIPTION

The Income Fund is a portfolio that is actively managed and utilizes a broad range of fixed income securities that seek to produce an attractive level of income while maintaining a relatively low risk profile, with a secondary goal of capital appreciation.

POTENTIAL INVESTOR BENEFITS

This fund seeks to meet the needs of investors who are targeting a competitive and consistent level of income without compromising long term capital appreciation. The fund seeks to generate a competitive monthly dividend while also maintaining a focus on the total return objective. The fund aims to achieve this by employing PIMCO's best income-generating ideas across global fixed income sectors with an explicit mandate on risk-factor diversification. The fund offers daily liquidity.

POTENTIAL FUND ADVANTAGE

This fund is designed for investors who seek steady income: it takes a broad-based approach to investing in income-generating bonds. The fund taps into multiple areas of the global bond market, and employs PIMCO's vast analytical capabilities and sector expertise to help temper the risks of high income investing. This approach seeks to provide consistent income over the long term.

RISKS OF INVESTING

Unit value can go up as well as down and any capital invested in the fund may be at risk. The fund may invest in non-U.S. and non-eurozone securities which involve potentially higher risks including currency fluctuations and political or economic developments. These may be enhanced when investing in emerging markets. Funds that invest in high-yield, lower-rated securities, will generally involve greater volatility and risk to principal than investments in higher-rated securities. The fund may use derivatives for hedging or as part of its investment strategy which may involve certain costs and risks. Portfolios investing in derivatives could lose more than the principal amount invested. For more details on the fund's potential risks, please read the Prospectus and Key Investor Information Document.
